

# 25<sup>th</sup> CPLD

# 2025

## Current Perspectives in Liver Diseases

October 25<sup>th</sup> - 26<sup>th</sup>, 2025

Lecture Theatre Complex, SGPGIMS, Lucknow

Day 1	
1	SLD nomenclature and burden in India
2	MetALD and usefulness of biomarkers of alcoholism for stratification
3	Adipocyte dysfunction in MASLD
4	Common mechanisms of obesity, metabolic syndrome and MASLD
5	Adipose tissue quantification and targeting in MASLD
6	PPARs and FXR as target of MASH therapy
7	Fibrosis assessment in MASH
8	Liver biopsy in MASH: when do we really need?
9	Impact of nutritional interventions on MASH: How much to expect?
10	Compliance assessment with nutritional intervention: Role of mobile applications
11	Circadian malalignment and time restricted eating in MASLD: Need of retiming liver clock?
12	Obesity phenotypes and implications: Can we stratify MASH risk in obesity?
13	Weight loss as target of MASH treatment : Hitting the roots cures disease?
14	Saroglitazar in MASH: Long term real world experiences from india
15	Paediatric MASLD causes, implication and management
16	Hypothyroidism and Resmetirom in MASH
17	Anti-obesity drugs in MASH
18	Treating obesity in MASH with Compensated cirrhosis
19	Upcoming drugs in MASH
20	Public health strategies and decentralization of MASLD care

Day 2	
<b>SESSION 1</b>	
A	Screening and diagnostic strategies for HCC
B	Role of locoregional therapies in treatment of HCC
C	Immunotherapy in HCC
D	Liver transplantation in HCC - current status
<b>SESSION 2</b>	<b>Acute on chronic liver failure</b>
A	ACLF- the Kyoto consensus
B	Assessment of severity and prognostication in ACLF
C	Novel therapies for treatment of ACLF
D	Liver transplantation in ACLF- recent updates
<b>SESSION 3</b>	<b>Complications of cirrhosis</b>
A	Management of refractory variceal bleeding
B	HRS- AKI- diagnosis and management
C	Management of hepatic encephalopathy - current concepts
D	Rise of MDR infections in cirrhosis - diagnosis and management
<b>SESSION 4</b>	<b>Alcohol related liver disease</b>
A	Diagnosis and management of alcohol use disorder
B	Met ALD- the new kid on the block
C	Severe alcoholic hepatitis - recent advances in management
<b>SESSION 5</b>	<b>Vascular disorders of liver</b>
A	PSVD- diagnosis and management
B	Non-tumoral PVT- treatment options
C	Management of BCS- stepwise approach
<b>SESSION 6</b>	<b>Miscellaneous</b>
A	Nutrition in cirrhosis- why is it important?
B	Difficult to treat AIH
C	Scope of EUS in liver disease
D	AI in liver diseases- a beginner's guide

Organised By

**Department of Hepatology**

**Sanjay Gandhi Postgraduate Institute of Medical Sciences, SGPGIMS, Lucknow, Uttar Pradesh**

Department of Hepatology, PGIMER, Chandigarh

Department of Gastroenterology, AIIMS, New Delhi
